**Republican Nomination.**

FOR GOVERNOR,

# LOT M. MORRILL

**What is the "Democratic Party" in Kansas.**

It was announced a few days since with a flourish that the Democratic State Convention of Kansas had endorsed the proceedings of Gov Walker and his policy In regard to that Convention we have subsequently the following information, from a Kansas correspondent of the Boston Journal

The National Democratic,' *alias* the Slavery Convention, to nominate a candidate for Territorial Delegate to Congress, met at Lecompton day before yesterday A private dispatch which I have just received says "It organized by electing Ex Judge Elmore President *But twelve Counties* are represented in the Convention The contest is altogether between Gen Whitfield and Eli Moore

This "National Democratic party" of Kansas comprises just about that portion of the people which was registered on the census lists by the marshals of the bogus Legislature—They are "the people who voted at the recent election—say one in eight of the actual settlers

*Resolved* That the refusal of the Republicans to participate in the recent election in Kansas, shows that they follow leaders who prefer to make political capital out of the chance of said Territory coming in as a slave State, to the certainty of excluding slavery therefrom —*Resolutions of the Bunker State Convention*

The Republicans or Free State men of Kansas have already adopted a Constitution and State Government which has received, and will again receive the sanction of three fourths of the people of the Territory That Constitution—being the undoubted voice of the people it is the obvious duty of Congress to accept it as the Constitution of the new State—The Republicans were right in refusing to vote at the election ordered by the bogus Legislature —for, in the first place very few of the People of ans were registered by the Marshals, and of course the balance could not have voted if they would —and in the next place, by so voting they must have acknowledged the legality of the usurping government

There is one thing specially worthy of notice in this matter We are to understand by the above resolution that nobody but the Republicans refused to participate in the recent election If any democrats refused to participate the resolution of course fails to the ground Well the return shows that *not one fourth of the voters in the Territory voted at the election* What is the inevitable and certain deduction from the two statements Why that the "democratic party in Congress, pro slavery ruffians and all, comprises less than one fourth of the voters, and the Republicans embrace more than three fourths! This is what the gentlemen of our "Democratic State Convention admit by their resolution

THE FIGHTING MEN OF THE DEMOCRATIC PARTY The Dead Rabbits and "Bowery Boys of New York, who were the parties in the bloody riots of the Fourth and subsequent days of July are thus described by the New York Express They are truly represented as comprising a very effective part of the democratic force in New York —and one which like the Plug Uglies of Baltimore and the Southern Liberties and Moyamensing rowdies of Philadelphia—carries our great cities against the Republican party. The Express, which is utterly hostile to the Republican party, nevertheless admits this, when it says

In New York it is well known, there are a number of political and rowdy associations, the members of which are of the lowest ranks in life and of the most unscrupulous characters These associations are ready to undertake any species of rascality Robbery and murder are mere child's play to them Their members are bullies and fighters by profession, they are accustomed to undertake the management of *ward politics* by the job. In the Sixth Ward there are two clubs of this description, both made up of professional bullies *belonging to the fighting ranks of the* DEMOCRATIC PARTY These clubs are the tools of the two Democratic factions One, called the "Bowery Boys," under the leadership of Pat Matthews, *a well known Custom House officer*, having their headquarters *at a drinking house* No 40 Bowery The other rejoices in the elegant name of "Dead Rabbits, and we understand, obeys the orders of one Tom Walsh said to be the foreman of Engine Co No 21 whose house is corner of Chambers and Center streets. The "Dead Rabbits are inhabitants of Mulberry Mott, Baxter, Bayard, and some parts of Elizabeth street, and are very bad fellows

These two clubs the Bowery Boys *representing the administration or Custom House section of the party*, and the Dead Rabbits, their opponents, have for years been at sword's points. A deadly feud prevails between them, and they have taken every opportunity to show the spite they bear each other Broken heads at every primary and regular election, at every recurrence of a public holiday, frequent disturbances of the public peace *on Sunday* are the results of these animosities

* * Bad rum, unquestionably, had much to do in reviving the spirit of disorder so fearfully rampant in this city and neighborhood on the Fourth

**The Legislature of Massachusetts assembled yesterday, to district the State for Senators and Representatives in the Legislature, in accordance with the amendments recently adopted to the constitution, and the census of voters just taken.**

**The length of our report of the railroad meeting compels us to omit many local and other news items.**

**The Annual Meeting of the Penobscot & Kennebec Railroad Company**

Was held at City Hall, in this city, yesterday, the 14th inst, but was not numerously attended.

The meeting was called to order by Samuel Taylor Esq, President of the Company, who presented the Annual Reports of the Directors and Treasurer—from which we copy as follows

**Director's Report.**

From the Report of the Directors we take the following extracts—being the concluding and principal portion

The leasing of the Road has caused increased interest to be felt by the large number of Stockholders in Portland and on the line of the Androscoggin and Kennebec R R., who are also largely interested in the stock of that and the Grand Trunk Rail Road, and has added, as we believe, financial strength not only to this Road but to the whole line

At the last session of the Legislature, an effort was made to amend the Consolidation act, and make it satisfactory to the Penobscot and Kennebec and Androscoggin and Kennebec Roads, but it was opposed and defeated —The reasons for such opposition were so local in character, and so selfish in purpose, that it seemed impossible they should influence the action of the Legislature

Seeking such action simply as a financial measure, to enable two corporations, whose affairs are intimately connected by interchangeable stock interests, and by the relation of Lessor and Lessee, to act with a unity of purpose for their common good,—and asking no enhanced rights or privileges in contravention of other chartered or private rights, or opposed to the public welfare,—we trust that opposition to such reasonable and proper legislation as may be necessary to so desirable an end, will not be persisted in and that attempts to coerce the action of this line of road, by inducing powerful Corporations in other States to assume hostile relations to it, will be abandoned as futile in purpose, and dangerous to that proper independence and control which the corporations of our State should always maintain against unauthorized interference

Since the last Annual Meeting, and prior to the leasing of the Road, work has been done for construction accounts as follows

| | |
|---|---|
| Nearly ten miles of Fence has been built at a cost of | $2269 30 |
| Freight Platforms, Freight-house at Etna and Depot at Carmel, | 1335 00 |

| By the terms of the lease, Fifty Tons of Iron were to be provided by this Road to replace rails unfit for use, principally from original defect This Iron has been paid for from the proceeds of Wood on the line of the Road, purchased by the Androscoggin and Kennebec Railroad Co at a cost of | $3399 38 |
| The net earnings of your Road from Passenger and Merchandise business for the first six months of the year, from June 1 to Dec 1, 1856 at which time the lease to the Androscoggin and Kennebec Rail Road took effect, were | $31,075 07 |
| And the Receipts from the sale of Wood and material, as shown by the Treasurer's Report, | 15 779 06 |
| | $46,854 13 |
| The net earnings of the last six months, ending May 31, under the lease to the Androscoggin and Kennebec Rail Road Company, are | $33,170 72 |
| At the last Annual Meeting, the floating liabilities of the Company, liquidated and estimated, were | $485 541 23 |

Of this amount about $290 000 has been paid by sale of City of Bangor, and Company Bonds For the amount of present liabilities and assets, we refer you to the Treasurer's Report

The line of Road from Bangor to Danville Junction, and the Rolling Stock, have been kept in good condition, and we believe under the present management, the Road has been as ably and economically conducted as any in New England

The Directors are happy to say, they find the condition of this Company much better at this time than they anticipated, considering the unusually depressed state of business during the past six months, and inasmuch as the income from Roads in Maine have generally been from 15 to 25 per cent more in the six months from June to December, than in the first six months of the year, they reasonably hope for and predict a still more favorable condition at the expiration of the next six months.

The facilities offered by the combined line for the transportation of freight, bringing it, as it does, to the vessels side, will, in ordinarily prosperous years of business, bring a large amount of the produce of the country from and beyond the Kennebec to this market, for sale or shipment, while the river is open for navigation And during this season, we understand, some of the best qualities of lumber will be brought from Kendall's Mills, on the Kennebec for sale in this market

We cannot too forcibly impress upon your minds the importance of providing immediately for the payment of the floating liabilities of the Company by taking the second and third mortgage bonds

More than one fourth of these liabilities are for the purchase of the very extensive and valuable Depot Grounds at Bangor, which extend about 2000 feet on the shore, with a depth to one of the main avenues into the city, varying from 300 to 800 feet, and having a length of 1000 feet on that avenue, containing about 18 acres, and which are unsurpassed by any in New England. A portion of these grounds has sufficient depth of water for ships of a large class, and can be made still more valuable by the construction of additional wharves, which at no distant day will be needed for the increased business of the Road. As yet, the Company have a title to but a small portion of these lands, and unless the payments are made at the times agreed upon, they are liable to forfeiture A large amount has been expended in improving the grounds, and so large a percentage of the whole cost of the Road is invested in them, that too much is hazarded in permitting the time of payment to pass by.

The Directors have at all times assumed such personal responsibility as has been necessary to protect the property and interests of the Company, but there is a limit beyond which prudence will not permit them under any circumstances, to go And we again most emphatically urge upon the Stockholders the purchase of the Bonds of the Company, so that their great and important interests may be protected, and the great loss arising from extra rates of interest in the management of the finances, may be avoided. We have the fullest confidence that if the unsold Bonds are soon taken up, the Company will be able to meet promptly the Coupons on all the Bonds.

The reports were accepted, and ordered on file It was then voted to limit the number of Directors to seven, and Messrs Franklin Muzzey, Joshua Nye and Elias Merrill were chosen a committee to receive sort and count the votes for Directors for the ensuing year.

While the committee were in discharge of that duty—

A W Paine Esq, read the following resolution upon which he said he merely wished to base some remarks,—not expecting to get the resolution adopted

*Resolved*, That in the opinion of the Company, the interests of their road and of the City of Bangor and its vicinity imperatively demand a more liberal system of direction and management; that all reasonable effort should be made to establish and secure connection with all other roads, wherever possible, and thus to ensure the greatest amount of patronage, and that a more liberal policy should be adopted with reference to tickets, so as to make them of value beyond the trip on the day for which they are issued.

Mr PAINE spoke at length to the resolve—He said the stockholders here had no voice in the management of the road, under the present arrangement. All that remains to them is the privilege of grumbling—and of that privilege he intended to avail himself,—without expecting to accomplish anything against the interest and influence from abroad which now has the Bangor interests under its control.

He thought, however, that whatever is for the interest of Bangor is for the interest of the road and of the company—and therefore the interests of Bangor should be considered and protected *beyond all others*, in any policy which should be adopted or maintained. The people of Bangor had put their shoulders to the wheel, when this road was in process of construction, with the understanding that the road was to be maintained and managed for the interests and for the benefit of Bangor.—We all subscribed with the intention of making the road subservient to those interests, while at the same time it should convene the travelling public. If this object is to be carried out, then certainly a more liberal policy than the present should be adopted. Bangor has the best of reasons to complain in this respect. The management is directly against the interests of the city. We are cut off entirely from the whole Kennebec region below Waterville, by the policy of disconnection at Kendall's Mills. Mr P. said the policy thus far pursued under present management has had the effect to drive off nearly all the travel and intercourse from the large towns and cities of the lower Kennebec to Bangor, and also from the flourishing places between Richmond and Portland. One of the directors had stated to him that the travel from the lower Kennebec on to our road did not amount to two passengers a day Mr P. thought this showed the effects of the policy pursued,—for we used to have sometimes fifty a day from the Kennebec under the old staging system. He thought the people of Bangor should take the alarm at such announcements.

He said he didn't care "whose fault" it was that the disconnection is made at Kendall's Mills. The interests and convenience of the public ought not to be sacrificed to any railroad quarrels whatever. If the Kennebec people are opposed to consolidation, is that any reason why the public should be compelled to spend two days in coming from Augusta to Bangor? But he thought it was not the fault of the Kennebec road if they were unable to keep up with the extra and unusual speed put on to the trains of our road, and were therefore unable to connect The arrangement was clearly one of retaliation by the management of the A & K. Company, it was for a sinister object—to *force* a consolidation—and ought to be condemned.

Mr P thought this meeting—the Bangor stockholders, at least—ought to make a strong remonstrance against the illiberal and, as he thought, suicidal policy pursued.

He believed somewhat in dreams, and would relate one which he had last night, after conversing with a Director in this company He thought he was in a deep, dark, miserable morass, without limit or bottom, and there he found the President and Directors of the A & K R R floundering about and trying to find daylight He thought his dream was an exact illustration of the true state of the case

Mr. Taylor asked what became of those Directors in the dream

Mr Paine said he left them in the morass (Laughter)

The President inquired what became of the gentleman himself

Mr Paine said *he* got out of it

Mr. P then proceeded to advocate a more liberal system of ticketing in general He thought through tickets should be made "good" for any trip within a reasonable time Such a policy, he contended, would be eminently for the benefit of the road It would increase travel, and result in no injury that he could perceive He believed most roads in other States permitted through tickets to be used on any day within reasonable limits and on any part of their routes, and what was good for other railroads must be good for ours.

Mr W. B S Moor would not reply to the gentleman in detail, but would ask a single question—whether he did not know that the Boston & Maine and Eastern R R Cos. had used all their influence to injure the business of our railroad, by maintaining a steamboat line from Portland, and running extra trains to and from it?

Mr Paine said he did not know it—but had no doubt of the fact Still, that is no argument for a wrong policy by our company. Because a man picks my pocket, it is no reason I should pick his. Railroad corporations, like private individuals, should be governed by the rule of *right*

Mr Moor said the action of the roads he had named had been the original cause of the present railroad fight

Mr. Paine asked if the A. & K Co had not also connected with a steamboat line from Portland.

Mr Moor said yes, but not until it was rendered necessary in self-defense. And so far as those Boston roads were concerned, he hoped the fight would go on until the Boston people were taught that the railroad interests of Maine are of some consequence As to the Kendall's Mills quarrel, he considered it a two penny affair. The difference between the travel this way, under the present and under the former running of the trains amounts to nothing, either to the road or to the city. He partly agreed with the gentleman in regard to that connection, but thought it a matter of small moment

Mayor BOWMAN of this city made a few remarks—concurring generally in the views of Mr Moor relative to the action of the Boston roads As to Mr Paine's point of making through tickets good for more than one trip, he said the same steamboat competition had made it necessary for us to put our railroad through fares at a less rate than the way fares were charged proportionally. Hence the company could not safely permit the through tickets to be used upon other than the trips for which they were purchased. If they did, the company would be perpetually cheated out of way fares, by persons buying through tickets and transferring them at the way stations. If our through fares corresponded with our local fares, we could safely, and no doubt beneficially, make the tickets good for any day within reasonable limits. But the steamboat competition compelled the roads to put their through fares lower than they could afford to go on the way fares. Mr. B. said that on the whole he did not think the public had *suffered* much from the establishment of our railroad to Waterville—when compared with the old modes of travel.

The subject here subsided, without any vote being taken upon the resolution—as the mover did not send it to the table.

AFTERNOON. The Committee reported the stock vote for Directors, to be as follows:

| | | |
|---|---|---|
| T. W. Baldwin, of Bangor, | | 2080 |
| Hollis Bowman, | " | 2081 |
| Jabez True, | " | 2081 |
| Samuel Larrabee, | " | 2079 |
| William Connor, of Kendall's Mills, | | 2081 |
| John Webber, of Waterville, | | 2081 |
| Wm. M Longley, of Greene, | | 1614 |
| Samuel Taylor, | | 404 |
| Scattering, | | 7 |

Before the adjournment, Mayor Bowman made some statements in regard to the floating debt of the Company—urging upon stockholders the policy and expediency of taking up the remainder of the company bonds upon the basis arranged at the last meeting Unless the stockholders do come forward and take them up as proposed, it would be necessary to sell them at auction, and at a large sacrifice, in order to meet the liabilities of the company.

Mr. Bowman gave an encouraging view of the company's operations. He said that the receipts of the Company, under the lease—(being three-sevenths of the joint income,) has amounted to several thousand dollars more thus far, than if the road had been operated by itself, and if the arrangement had been in operation for the whole year, the excess of receipts would have been about $12 000. The benefits of consolidation, he thought, would be still more marked. They would enable this Company, with a funded debt, to provide for the payment of all its interest, and the valuable real estate now held by the Company in this city would be saved.

At a meeting of the Directors at a later hour, Hollis Bowman, Esq, of Bangor, was chosen President The Presidency was first tendered to Hon. William Connor, of Fairfield, but he declined.

**LOCAL AND MAINE NEWS.**

TESTIMONIAL TO THE LATE DR DICKINSON —At the recent meeting of the Maine Medical Association held at Lewiston, Dr J C Bradbury of Oldtown, noticed the death of Dr Joshua P Dickinson, late of Bangor, in a few highly appropriate remarks, and offered the following resolutions which were unanimously adopted

*Resolved*, That in the death of Dr Dickinson this Association has lost a worthy member, the profession a warm friend and earnest advocate, and society an honest man, true and generous in all the relations of life

*Resolved*, That our acquaintance with the many private virtues and eminently social qualities of the deceased, has enabled us to sympathize with friends and relatives in their sad bereavement

We learn from the News, that our fellow-citizen, R. D. Bartlett, the sub-marine enterprise man, has gone to Quebec to see about raising the steamship Canadian, sunk in the St Lawrence It is thought the raising of the Philadelphia can be postponed till next season, while that of the Canadian cannot.

The Portland Argus says of the new Methodist church in that city, that up to Saturday evening about 130 pews were sold or let, and applications continued. Twenty one pews sold, averaged from $400 to $900—amounting in the aggregate, to $11,960.

**County Improvements.**

MR EDITOR I notice with much surprise, that the pump, that has so long graced the entrance to the door of the "County Church" used for the Court House, in this city, has been removed I say surprise, for I did not for a moment suppose that the march of improvement would lay its ruthless hand on this ancient landmark.

You may remember, Mr Editor, with what pertinacity, a few individuals assailed the old "town pump" that had for ages occupied the heart of West Market Square, only a few years since, until like the run down fawn, found on Kenduskeag Bridge one moonlight night, it was obliged to give up the ghost

I merely name these innovations upon the ancient and long cherished *ornaments* of our city, to prepare the minds of our citizens for the "march of improvement."

A CHALLENGE. The members of Waterville Engine Company, No 3, of Waterville, have challenged the members of Dirigo Engine Co., No. 1, of Oldtown, to meet them in this city and play for another trumpet, under the same restrictions, &c, as adopted at the trial on the fourth of July—the losing Company to pay for the trumpet. The challenge will undoubtedly be accepted, when some excellent playing may be expected.

*OXYGENATED BITTERS*

PROOF THAT DYSPEPSIA CAN BE CURED

Boston January 16 1856 Gentlemen—Regarding all patent medicines with distrust, it was not until I had been reduced to helplessness, and confined to my bed and after the skill of physicians had failed to benefit me that I could be prevailed upon by the solicitations of friends to try your Oxygenated Bitters for Dyspepsia, a disease from which I have suffered in all its most terrible forms for about eleven years

Some four weeks since I commenced using these Bitters and the trial has proved the virtue and efficacy of the medicine in my restoration to health

I am glad of an opportunity to use my influence in recommending this medicine to those afflicted with this horrible disease, believing that in all cases of Dyspepsia it will prove a positive benefit if not an effectual cure

**SMITH'S ELECTRIC OIL.**

This preparation, which has made such speedy cures in Philadelphia and many other places, begins to attract almost universal attention, and elicit comments of every kind. Some say it is IMAGINATION. Of course they assign any thing but the real and philosophical reasons—Inflammatory Rheumatism, Gout, Piles, Burns, Piles, Neuralgia, Salt Rheum, Erysipelas, Scaly Eruptions of the Skin, Womb Complaints, Abscesses, Croup, Asthma, Indolent Swellings, Stiff Joints, Felons, Wounds, and Sprains, Broken Breast, Hemorrhage, sore Throat, Frosted Limbs, Acute Nervous Pains, Tooth, Ear, and Headaches, Deafness, &c., and Teething children are now often cured in from 5 minutes to a few days simply by the imagination. Not any have used this oil without deriving some special benefit within an hour, and many are they who have been perfectly cured of the diseases very speedily

**R. RICHARD CLAY, M. D.,**

Formerly Editor of the Journal of Health, subsequently editor of the Medical Rambler, associate editor of The American Medical Journal, Demonstrator of Anatomy, and Adjunct Professor of, General, Special and Surgical Anatomy in the American Medical College, Cincinnati, etc., etc., can be consulted at the

HATCH HOUSE, BANGOR,

By patients laboring under the various diseases "flesh is heir to," particularly diseases of the *Throat, Lungs, Liver, Kidneys, Spleen, Stomach, Skin, and Nervous System,*

Also, diseases of Females, and the Urinary Organs, in the treatment of which Dr. C has met with very great success.

Cancers and Tumors cured, with or without the use of a knife.

That distressing complaint, the Piles, cured in a few days—and relief given in *three minutes.*

Fistula in Ano is also cured, with or without the knife,

☞Call in. No charge for an interview in any case

☞Diseases of the lungs treated by Dr. Clay's new and very successful method of inhalation.

**Family Sewing Machines.**

The simplicity, durability, and capability of the Hunt, Webster & Co. Sewing Machine, is the reason they are so universally preferred to any other for Family Sewing and Dress Making. Every one out of the great number sold, and constantly selling, have given the highest satisfaction. Setting a lock stitch that cannot unravel, and sews in either end ready to use, they meet the desires and wants of the ladies for their household sewing. Samples of the work, with descriptive circular, sent to any part of the United States, by E. A. JOHNSON, Manufacturer's Agent, 149 and 149½ Washington Street, Boston.

**Home Manufactures.**

☞ The encouragement of home manufactures, though demanded on the soundest principles of justice and good sense, is regarded, with many people, more in theory than practice We desire to call attention to the fact that those in want of a good article of VARNISH can save themselves much unnecessary expense simply by buying it at home, instead of purchasing, as the practice has hitherto been, at New York By the means purchasers can avoid the accumulated cost of transporting the raw material from Salem in New York, of manufacture in that city, and of bringing it back again to Boston Thus being true, it is surely unwise not to avail themselves of this opportunity We call the attention of buyers to the large stock of Messrs. STIMSON, VALENTINE & CO., 55 Broad Street, Boston.—*Merchants' and Manufacturers' magazine.* 1m

NEW AND IMPORTANT DISCOVERY IN THE SCIENCE OF MEDICINE TRIESEMAR —None are genuine unless the engravings of the Seals of the Patent Office of England the Seals of the Ecole de Pharmacie de Paris, and the Imperial College of Vienna, are fixed upon each wrapper and around each case

Sold by Dr H A BARROW—Member of the Imperial College of Vienna and Royal College of Surgeons, London, who may be personally consulted at his residence, No 157 Prince Street, (few blocks West of Broadway) New York, from 11 o'clock in the morning till 2, and from 4 o clock till 8 in the evening, (Sundays excepted)

TRIESEMAR No, 1—Is the remedy of general and local debility, loss of virile power, premature decay, and all the distressing consequences arising from early abuse, &c, and physical impediments vanish like magic before its influence thus rendering its use invaluable to those entering the marriage state

TRIESEMAR No 2—Entirely eradicates all traces of those disorders which copavia and cubebs have so long been thought an antidote for to the ruin of the health of a vast portion of the population

TRIESEMAR No 3—Is the great European remedy for that class of disorders which, unfortunately, the English physician treats with mercury to the inevitable destruction of the patient's constitution, and which all the Sarsaparilla in the world cannot remove

TRIESEMAR Nos 1, 2 and 3—are prepared in the form of a lozenge, devoid of taste or smell, and can be carried in the waistcoat pocket *Sold in tin cases and divided in separate doses, as administered* by Valpeau, Lalleman, Roux, Ricord, &c &c Price $3 each, or four cases in one for $9, which saves $3, and in 27 cases, whereby there is a saving of $9.

Special arrangements have been made with the various Expresses, the nine dollar cases of the Triesemar, and the larger sizes will be forwarded by Dr Barrow, carriage paid, immediately on receiving a remittance, to any part of the world, securely packed, and addressed according to the instructions of the writer, thus securing to the public genuine European preparations and effectually protecting them from spurious and pernicious imitations The three dollar cases sent as usual, but not free of carriage.

## AYER'S Cathartic Pills

(SUGAR COATED,)

ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues.

FOR THE CURE OF

**Headache, Sick Headache, Foul Stomach.**

Pittsburg, Pa., May 1, 1855

Dr. J C Ayer Sir I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills It seems to arise from a foul stomach which they cleanse at once If they will cure others as they do me, the fact is worth knowing

Yours with great respect, ED W PREBLE
*Clerk of Steamer Clarion*

**Bilious Disorders and Liver Complaints.**

Department of the Interior, Washington, D C, 7 Feb 1856

Sir I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ Indeed I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them

Fraternally yours ALONZO BALL M D,
*Physician of the Marine Hospital*

**Dysentery, Relax, and Worms.**

Post Office, Hartland Liv Co, Mich, Nov 15, 1856

Dr Ayer Your Pills are the perfection of medicine They have done my wife more good than I can tell you She had been sick and pining away for months Went off to be doctored at great expense, but got no better She then commenced taking your Pills, which soon cured her by expelling large quantities of worms (dead) from her body They afterwards cured her and our two children of bloody dysentery One of our neighbors had it bad and my wife cured him with two doses of your Pills while others around us paid from five to twenty dollars doctors bills and lost much time without being cured entirely even then Such a medicine as yours, which is actually good and honest will be prized here

GEO J GRIFFIN *Postmaster*

**Indigestion and Impurity of the Blood.**

*From Rev J V Himes Pastor of Advent Church, Boston*

Dr Ayer I have used your Pills with extraordinary success in my family and among those I am called to visit in distress To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known and I can confidently recommend them to my friends Yours, J V HIMES

Warsaw, Wyoming Co N Y Oct 24 1856

Dear Sir I am using your Cathartic Pills in my practice and find them an excellent purgative to cleanse the system and purify the fountains of the blood

JOHN G MEACHAM M D

**Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.**

*From a Forwarding Merchant of St Louis Feb 4, 1856*

Dr Ayer Your Pills are the paragon of all that is great in medicine They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair After our child was cured she also tried your Pills, and they have cured her ASA MORGRIDGE

**Rheumatism, Neuralgia, and Gout.**

*From the Rev Dr Hawkes, of the Methodist Epis Church*

Pulaski House, Savannah Ga, Jan 6 1856

Honored Sir I should be ungrateful for the relief your skill has brought me if I did not report my case to you A cold settled in my limbs and brought on excruciating neuralgic pains which ended in chronic rheumatism Notwithstanding I had the best of physicians the disease grew worse and worse until by the advice of your excellent agent in Baltimore Dr Mackenzie, I tried your Pills Their effects were slow but sure By persevering in the use of them I am now entirely well

Senate Chamber, Baton Rouge La, 5 Dec, 1855

Dr Ayer I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years VINCENT SLIDELL

**For Dropsy, Plethora, or kindred Complaints**, requiring an active purge, they are an excellent remedy

**For Costiveness or Constipation, and as a Dinner Pill,** they are agreeable and effectual

**Fits, Suppression, Paralysis, Inflammation,** and even **Deafness,** and **Partial Blindness,** have been cured by the alterative action of these Pills

Most of the pills in market contain Mercury which although a valuable remedy in skilful hands, is dangerous in a public pill from the dreadful consequences that frequently follow its incautious use These contain no mercury or mineral substance whatever

**AYER'S CHERRY PECTORAL**

FOR THE RAPID CURE OF

**COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,**

and for the relief of consumptive patients in advanced stages of the disease

We need not speak to the public of its virtues. Throughout every town and almost every hamlet of the American States its wonderful cures of pulmonary complaints have made it already known Nay few are the families in any civilized country on this continent without some personal experience of its effects, and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs it is also the pleasantest and safest remedy that can be employed for infants and young persons Parents should have it in store against the insidious enemy that steals upon them unprepared We have abundant grounds to believe the Cherry Pectoral saves more lives by the consumptions it prevents than those it cures Keep it by you and cure your colds while they are curable nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals eats your life away All know the dreadful fatality of lung disorders and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be We spare no cost, no care, no toil to produce it the most perfect possible and thus afford those who rely on it the best agent which our skill can furnish for their cure.

OLD DR. CULVERWELL'S

Member of the Royal College of Surgeons 1827,) Licentiate of the Hall (1824,) and 28 years Medical Referee &c)

**Radical Regenerator,**

FOR SEMINAL WEAKNESS,

*In all its forms, as Nocturnal and Diurnal Emissions Nervous Irritability, Premature Decay, Loss of Virility Impotency, and all diseases arising from early indiscretion*

This excellent Remedy, discovered by the world renowned Dr. Culverwell, in London, the most successful practitioner in his line for the last 30 years, is now for the first time offered to the afflicted in the fullest confidence of its extraordinary virtues Its salutary effect is almost instantly felt, and it will doubtless at once supersede all other means resorted to, medical surgical or otherwise, to arrest and to cure this awful disease. A single trial will convince the most sceptical, that a safe and perfect cure may now be had at the expense of a few dollars which up to this date could not be procured for all the gold of the world The heavy expenses incurred in bringing this article before the public could not be risked were its superiority over every means hitherto employed for the same purpose not a sure guarantee that its employment by *one* person would, through recommendation, result in an eventual sale to many

Dr Culverwell's admirable and entirely novel plan of treating these diseases, is, in the interest of humanity, recommended to physicians throughout the land, to whom every facility will be afforded for testing its wonderful efficacy in their private practice

Full and plain directions for all the different varieties of the complaint accompany Dr Culverwell's REGENERATOR-REMEDY, so as to enable every one to treat himself or herself successfully. Price $2, on the receipt of which it will be forwarded *by mail*, free of postage, to any part of the country Address, Messrs BRIDGMAN & CO, Druggists and Apothecaries, 168 Grand-St, New York, Sole Agents for the United States and Canada. **A MEDICINE THAT NEVER DEBILITATES.**

DR. SANFORD'S

**INVIGORATOR,**

**OR LIVER REMEDY!**

HAS ALL THE GOOD QUALITIES OF A Purgative Medicine, answering the purposes of any cathartic without the debilitating effects experienced from most purgatives. It acts slowly and gently but surely moving the bowels to carry off all the secreted matter, at the same time stimulating the *Liver* to a proper performance of its functions.

The Invigorator cures Sick Headache Take one or two teaspoonfuls the moment you feel the attack and it will soon disappear For an overloaded stomach or when for 1 [illegible] or sours, take the Invigorator after eating and it will not prove disagreeable or oppressive For Heartburn Palpitation or Difficult breathing take a teaspoonful once or twice daily For Loss of Appetite Languor, or Listlessness the medicine is invaluable It will restore the appetite and make the food digest well Nightmare take a teaspoonful on retiring and the demons of dreamland will all be fixed After eating a hearty dinner take a dose of Invigorator, and it will relieve all oppression or fullness The Invigorator is a Liver Remedy of unqualified virtue, acting directly on that organ curing Dyspepsia Jaundice Bilious Attacks, Dysentery Piles Worms and all Female Obstructions, for which it has no equal

We know there is nothing now before the American public prepared with such skill by a scientific man, particularly for diseases of the Liver as Dr Sanford's Invigorator or Liver Remedy It has a famed a reputation second to no other article in the world simply because it cures all the diseases of which the proprietors claim it to be It any of our readers are suffering from any such diseases as are described in Dr Sanford's advertisement we know of no remedy that will so surely cure them as the Invigorator

There has lately been brought to our notice a medicine that seems to possess wonderful curative and healing properties in Diseases of the Liver Stomach and Digestive organs It came to us with so many testimonials in its favor that we have noted its effects in some of the worst cases of continued debility caused by derangement of the liver, and in every instance the effect was to relieve and give a permanent cure Dr Sanford's Liver Invigorator is what we refer to, We always have been credulous about cures by patent medicines, but we are now convinced that this medicine for family use, is not overrated by the host of recommendations it has Our advice is, for all troubled with Indigestion, Debility or Bowel Complaint, to get a bottle and try it, our word for it, relief will be experienced

Blessings to the invalids who use Dr Sanford's Invigorator, for it will relieve them of their pains as soon as it is taken into their stomach Pain and misery cannot exist where the Invigorator is used, for it will surely drive them away, as daylight will banish darkness,—of this there can be no doubt to those who try it. It carries conviction with every dose taken And the evidence is the thousands of certificates from those who use it It have been cured by it Try one bottle—if it does not benefit, then we are mistaken
